DETAILED ACTION

The amendment filed on 11/26/07 has been entered and the remarks therein have been considered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by Lauterwald '017.

Lauterwald '017 discloses the claimed switching device and associated power tool as claimed including a rotatable knob 25, an eccentric element 27 having plural surfaces, as broadly claimed, for translating a rotational displacement of the knob into a translatory displacement of a switching element 31, wherein the shape of the eccentric element differs "significantly" from that of a rod (Note: Figure 5).

Allowable Subject Matter

Claims 1 and 7-12 are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
